## MANAGEMENT DISCUSSION AND ANALYSIS

The Group offers comprehensive financing services to its customers. For the three months ended 31 March 2014, the Group derived its income mainly from financial consultancy services and entrusted loan services.

### **Business review**

After attempting to allocate our resources on various new investments in 2013, the Group was on the way to balance the risk and reward by prioritising the business of the provision of entrusted loan services. However we continued to adopt a cautious loan granting policy to minimise the loan default risk.

### **Financial review**

#### ***Revenue***

The Group's performance had declined significantly as compared to the prior periods. Under the period under review, the total revenue decreased by approximately 20.8% to approximately RMB25.5 million from approximately RMB32.2 million for the period ended 31 March 2013. Such decrease was attributable to the Group was cautious in granting new loans and hence the amount of new loans decreased.

#### ***Financial consultancy service income***

With developed experience and expertise, the Group has successfully assisted many customers in obtaining satisfactory financing services provided by the Group or other financial institutions. For the period ended 31 March 2014, the Group's revenue from provision of financial consultancy services decreased by approximately 1.6% from approximately RMB20.3 million for the period ended 31 March 2013 to approximately RMB20.0 million.

#### ***Entrusted loan service income***

The revenue from provision of entrusted loan services was approximately RMB5.5 million, representing a decrease of approximately 38.0% from approximately RMB9.0 million for the period ended 31 March 2013. Due to the Group's more cautious policy on granting new loans, the amount of loans granted by the Group decreased and so as the interest income derived therefrom.

### ***Pawn loan service income***

For the period ended 31 March 2014, the Group did not record revenue from provision of pawn loan services as compared to the revenue of approximately RMB2.8 million for the period ended 31 March 2013. As pawn shops in Guangdong are expanding their business, the competition for pawn loan services is fierce. We shifted our focus to entrusted loan services which provide more flexibility on serving our customers since 2013 and ceased renewing pawn loan contracts in the third quarter of 2013.

### ***Interest expenses***

The interest expenses of approximately RMB2.6 million incurred for the period ended 31 March 2014 were mainly the interest for the corporate bonds denominated in Renminbi with an aggregate nominal value of RMB100 million (the “RMB Denominated Bonds”) due 2015 issued by the Company during the year ended 31 December 2013. The Group did not incur any interest expenses during the period ended 31 March 2013.

### ***Administrative and other operating expenses***

The Group’s administrative and other operating expenses primarily comprised salaries and staff welfare, rental expenses and marketing and advertising expenses. The Group’s administrative and other operating expenses for the periods ended 31 March 2014 and 2013 were approximately RMB8.8 million and approximately RMB9.2 million respectively. The decrease of approximately 4.9% was mainly attributed to certain expenses including (i) the decrease of legal and professional fees of RMB1.0 million; and (ii) the decrease of PRC business taxes of approximately RMB0.4 million, however, such decrease was partly offset by the increase of rental expenses of approximately RMB0.8 million.

### ***Profit for the period attributable to owners of the Company***

The profit attributable to owners of the Company for the period ended 31 March 2014 was approximately RMB2.9 million, representing a decrease of approximately 77.6% as compared to approximately RMB13.1 million in the corresponding period due to the significant increase in the interest expenses and provision for impairment of account receivables in regards to a consultancy service commenced in 2013, which is stated as other loss and disclosed in note 3 to the condensed consolidated results set out in page 5 of this announcement.

## **OUTLOOK**

It is expected that China economic growth will continue to slow down in 2014 and we will continue to adopt a cautious loan granting policy in 2014. Under the circumstances, we expect the demand for our financing services will be decreased. With the continuance of credit tightening policy in China, default risk of borrowers remained as one of the major concern. We will continue to adopt a prudent loan-granting policy and therefore, our revenue and profit for the forthcoming year may be less than those of 2013.
